3. MORE TOWING CAPACITY

Tow up to 3.5 tonnes!

Meet the torque master! While engine torque has been increased, the cooling performance of both engine and transmission have also been improved for effortless towing. So if you wonder where the Hilux gets its strength from, it's simple: this remarkable pick-up is designed first and foremost as a workhorse with a towing capacity of 3.5* tonnes (vs. previous 2.0t). Whether you want to tow grain, another vehicle or a caravan, the new Hilux tackles it with ease.

*Towing capacity varies between models, please check with Toyota dealership for specific vehicle.

4. VERSATILE AND CONVENIENT DECK

J-Deck with outside hooks

Now optional on Double Cab, the convenient deck with outside hooks is the answer to a whole range of business scenarios, helping increase efficiency in your daily workflow.

Spray-on bed liner

The light weight and highly durable optional spray-on bed liner helps protect the bed from scratches and corrosion, contributing to a longer vehicle life.
