

HILUX MILD HYBRID ELECTRIC VEHICLE

Updated: 21st July 2025

GRADE	SFX	Body type	Engine	ccm	Power (HP/kW)	Torque (Nm)	Transmission	Duty free (USD)	Duty paid (USD w. VAT)
EXECUTIVE ADV 48V	MH	Double Cab	2.8 GD-6	2755	205/150	500	6 A/T	56,600	70,300

EXTRAS	Executive	Duty free (USD)	Duty paid (USD w. VAT)
Metallic paint:	o		

• = Standard o = Option - = Not available
CVT = Automatic Continuously Variable Transmission

EXECUTIVE ADV HEV

Interior:

Power steering
Cup holders
8 inch Display Audio (Bluetooth)
Auxiliary input USB
6 speakers
Multi information display
Front Seat Slide (Driver & Passenger)
Front seat (Separate for 2ppl)
MLM Leather seat material
Power seat adjustment for Driver
Dual Air conditioner (auto)
Tilt and telescopic steering adjustment
Leather steering wheel
Steering switches - Audio, tel, VR & Multi Info
Floor mats
Glove box with key
Front Cool box
Power socket 12V
Power windows Auto Up & Down - all seat
Rear Glass Slide
Leather Door Trim

Exterior:

MLM door handles (inside & outside)
MLM paint front bumper and Grille
Mud guards (front and rear)

Exterior:

A-Deck type cargo area (inside hooks)
Black Electric adj. outside rear view mirrors (indicators)
Step and Step Cover
Engine Under Cover and protector
Deck guard frame (without)
Wide over fenders
MLM black outside rear view mirror
LED rear combination lamp
LED front fog lamp

Safety:

ABS - Anti-lock Braking System
ISOFIX points for child safety on rear outer seats (x2)
Child lock
High mounted brake light (LED)
Driver & passenger, knee, side & curtain airbags (SRS)
Vehicle Stability Control
HAC - Hill Start Assist Control, automatic
DAC - Downhill Assist Control
TSC - Tractor Sway Control
Immobilizer & Alarm (ultra sound)
Emergency Stop Signal
MTS - Multi-Terrain Select
Clearance Front & Rear sonar

Technical:

Tyre dimensions 265/65R17C
MLM Alloy Wheels
Alloy Spare tyre
80L fuel tank capacity
Rear differential lock
Wireless smart door lock
Power door lock (auto/speed sensitive)
LED Headlamp (MLM)
ECO drive mode (ECO+Normal+SPORT+MTS)
Cruise Control
Push start system
Auto levelling main headlamps
Auto headlamps
Follow me home lighting system
Back monitor
Daytime Running Lights
48V Battery for MHEV
Vehicle width 1.900 mm
Overall height 1.815 mm
Overall length 5.325 mm
Towing capacity 3.500 kg (with brakes)

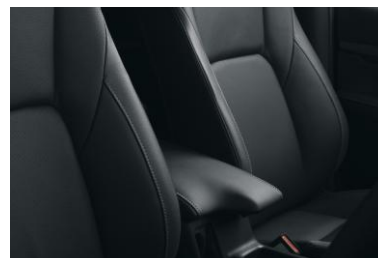

MILD hybrid

Warranty is valid up to 5 years or 150,000 km for vehicle and 1 year or 30,000 km for conversions, whichever comes first. We reserve the right to alter any details of specifications and equipment without notice. No guarantee is given regarding the accuracy of information within this document. Vehicle body, specifications and trim colours might differ slightly from the data within this document. Please check model availability and full specification details with your Toyota dealer prior to ordering. We cannot accept contractual responsibility for your reliance on the information contained within this document.

HILUX MILD HYBRID ELECTRIC VEHICLE

MILD *hybrid*

What is a Mild Hybrid System:

A mild hybrid system makes use of a small electric generator that is installed in place of the traditional starter and alternator. This increases fuel efficiency and reduces CO2 emissions by allowing fuel-intensive actions such as rapid acceleration / restarting after a stop, to be supported by power from the generator instead of the motor.

The new Hilux 48V model is where legendary toughness meets a smoother drive, and improved consumption. This is achieved by a combination of a turbo diesel engine, a 48-volt battery and an electric motor generator that produces several performance benefits. Expect improved braking, acceleration and low-speed drivability in the new Hilux. The hybrid technology also aids in downhill assist control (DAC), ensuring a smoother drive no matter the terrain. Fuel consumption is reduced by means of a start/stop system while braking energy is used to charge the battery pack during deceleration.
